30 PEOPLE'S ORGANIZATION IN THE CAAM SELECTED TO OPERATE AS LOCAL ENTERPRISE

Thirty people's organizations (PO) across the six regions of Bangsamoro Development Agency (BDA) are selected to undergo strengthening and capacity building activities to develop them into local enterprises.

The project accordingly will help in strengthening the institutions like the POs that serve as alternative service delivery mechanisms for inclusive community driven development in the conflict-affected communities.

According to Engr. Jandatu Salik, project operations officer of the PO Strengthening Project under th Mindanao Trust Fund Reconstruction and Development Program (MTFRDP), these peoples organizations are selected based on the criteria that includes: PO functionality, sub project (SP) functionality and their enabling environment.

"In doing the selection of POs and the sites, the project team did inventory of 380 sub-projects from pilot implementation of MTFRDP on 2006 up to the 4th program partnership agreement (PPA4) that ended on June 2015," Engr. Salik reported.

"From the 380 list of sub-projects, 162 sub-projects are categorized as income-generating", Salik added. then segregate them from water to non-water sub-projects.

"The income generating sub-projects are further categorized into: 1) water type sub-projects and 2) non-water type sub-projects. Water type are water system sub-projects that include levels 2 and 3. While non-water type are sub-projects that include farm machineries, pre and post-harvest facilities", Engr. Salik further said.

PO Strengthening is one component of the Institutional Strengthening Agreement (ISA) supported by the MTFRDP in partnership with the Community and Family Services International (CFSI) and Mindanao Land Foundation (MinLand).

It is supported by various donors such as the European Union; the Swedish International Development Agency; the Australian Embassy in the Philippines; Foreign Affairs, Trade and Development Canada; the United States Agency for International Development; the New Zealand Ministry of Foreign Affairs and Trade and the World Bank, which also serves as the Trust Fund Secretariat.

Donor partners reaffirms continuous support to Bangsamoro

The signing of the Program Partnership Agreement for the Mindanao Trust Fund Reconstruction and Development Program (MTRFDP)- Institutional Strengthening Agreement happened yesterday September 14, 2015 at Camp Darapanan, Sultan Kudarat Maguindanao.

The signing was between MILF Chairman Al-Haj Murad Ibrahim and Axel Van Trotsenburg, World Bank Regional Vice President for East Asia & Pacific.

Accordingly, the agreement will provide Php 56 million in support to: (a) strengthen community-organizations across Mindanao to generate income to improve living standards and reduce poverty; (b) help identify priority projects and expand community understanding of and support for the Bangsamoro Development Plan (BDP); and (c) deepen capacity-

building support for the Bangsamoro Development Agency as the development arm of the Moro Islamic Liberation Front (MILF).

ISA to be implemented by the BDA has three components: (1) BDA Institutionalization; (2) BDP Roadshow, Planning and Validation of Priority Projects; and (3) PO Strengthening.

MTF is a fund facility administered by the World Bank with various donors such as the European Union (EU), DFAT Australia (then AusAID), DFATD Canada (then Canadian International Development Agency), New Zealand Aid for International Development, Sweden International Development Agency, and United States Aid for International Development (USAID).

Community and Family Services International (CFSI) and Mindanao Land Foundation are also partners as trust fund recipients.
